## Mukaidono Safety Award

The Institute of Global Safety Promotion presents this Award to Dr. Pete Kines

In recognition of your distinguished services in creating the foundation for the Vision Zero (VZ) concept for occupational safety and health in the new era, as one of the world's leading researchers in the area of Occupational Safety and Health, together with your contributions toward demonstrating and advocating the importance of participation by top management in safety initiatives through providing guidance for establishment of a safety culture in the company by raising awareness throughout the company.

We commend you for your work and hereby present you with a Lifetime Achievement Award under the "Mukaidono Safety Awards".
